

FIGURE 5.3
Intersection of the kinetic-energy
and angular-momentum ellipsoids.

FIGURE 5.4
Polhodes for different kinetic energies.

FIGURE 5.5
The complete set of polhodes.

FIGURE 5.6
Motion seen from the inertial frame.

FIGURE 5.7
Poinsoit's construction for the axisymmetric case.

A diagram of a biplane. A horizontal arrow labeled R points to the left from the center of the fuselage. An arrow labeled P points upwards from the top wing. A vertical arrow labeled Y points downwards from the bottom wing.

Figure 3.2 Body frame.
